- Community Involvement:**
- Founder of annual "Quest for Hope" to serve the disadvantaged
 - Quest for Hope teams with Caroline's Promise to help orphans worldwide

About the Company:
 Dynamic Quest, founded and based in Greensboro, is proud of being one company providing multiple solutions. From small businesses to large corporations, it designs solutions in the areas of data center services, IT services, custom software development, along with graphic design and marketing services. Combining all its services, Dynamic Quest has built a new facility that includes a State-of-the-Art data center to offer services such as co-location, hosting, virtualization, and disaster recovery – just a few of the industry's leading trends. It established Quest for Hope as an annual event to raise funds, hope and awareness for those in need. Each year a new charity will be selected as a recipient of the proceeds. Dynamic Quest looks forward to opening a second facility within the near future.
