Even in tough times, Dynamic Quest recognizes the importance of giving back to the community

04-29-2009

Greensboro, N.C. - Despite the current economic situation, 25+ corporate sponsors and over 170 participants helped Dynamic Quest to raise more than \$7,500 during the 2nd Annual Quest for Hope Event.

Quest for Hope, a 5K RUN and 1 mile WALK was held Saturday, April 18, to raise funds and awareness for children with developmental disabilities. All proceeds from the event benefited LifeSpan Circle Schools - providing the highest quality of care for children through their pre-k school programs. "LifeSpan was excited to be selected as the non-profit to benefit from the 2nd Annual Quest for Hope. It was such a joy to see the commitment from all the employees at Dynamic Quest as they put so much effort into raising a significant amount of money for children with developmental delays", said Nancy McEneny, Director - Community Affairs and Development at LifeSpan.

Dynamic Quest has established Quest for Hope as an annual event to raise funds, hope, and awareness for those in need. Dynamic Quest President and CEO Javier Gomez said, "I would like to thank all participants, corporate sponsors, and our clients for their support, donations and participation in the Quest for Hope Event. Thanks to everyone's involvement, we were able to enjoy a fun race, walk and a party that raised both awareness and a grand total of \$7500 for LifeSpan. Dynamic Quest is proud to be a team that stays involved in the community. We will continue to support a number of causes within our community and have already started planning our 3rd Annual Quest for Hope Event that will take place in April 2010", said Javier Gomez, CEO of Dynamic Quest.

The purpose of LifeSpan, a nonprofit organization, is to support children and adults with developmental disabilities by providing education, employment, and enrichment opportunities that promote inclusion, choice, family supports and other best practices. (<http://www.lifespanservices.org>)

Dynamic Quest, founded and based in Greensboro, is one company providing multiple solutions in the areas of data center services, IT services, custom software development, along with graphic design and marketing. (www.dynamicquest.com)
